

# What are the main actions you will take forward?

To strive for better connectivity - to seek active partnerships

Look more into the National Occupational Standards. Raise profile of Adult learning and CLD

Cascade strategy to my wider team

Conversations with colleagues on how we progress - develop a local plan/strategy

Dissemination and making sure learners are involved

Cascade strategy

Study the learner experience from their point of view to get more knowledge on their perspective on their learner journey and the opportunities for career and progression advice

Sharing details of today with colleagues and learners

Look at how we can implement the strategy locally with partners

# What are the main actions you will take forward?

NoS working group

Shout about new strategy

Support the implementation of the strategy

Continue to seek the development and raised profile of Adult Learnings role in supporting political & democratic literacy Also try and raise awareness of the need for ecological literacy to be understood and promoted

We need to look at what the strategy means for us locally - where are the opportunities and what are the challenges.

Identify our contribution to strategy - likely to be about strengthening existing partnership/new partnerships at national level

Bring together learners for their views. Learn about EIAs

Share information from today with team, adult learners and partners.

cascade strategy to staff & learners

# What are the main actions you will take forward?

Share with local partners group for discussion and implementation

Share with the rest of the team and key stakeholders

Share with team and partners

Develop understanding of how the Adult Learning Strategy interacts with policy areas, e.g. tackling child poverty, homelessness, employability

need to know more about my service and how it is funded in more detail

Work on developing more accredited learning opps locally as part of learning pathways

Encourage local authorities to consider how the ALS priorities can be incorporated into their CLD plans

Refresh local adult learning action plan and ensure partnership delivery and individual needs of learners are a focus

From a learner's point of view she can't think of anything to take forward

# What are the main actions you will take forward?

Start delivering on what we can. Let's go!

meaningful engagement with adult learners in shaping policy, services and activities
