

EXERCISE

## COMPUSPEAK - BRIEFING SHEET

Working together, you are invited to study the computer printout and translate it into English. You have a total of 20 minutes to complete the task, which includes two minutes to plan your strategy.

If you discuss and agree as a team, you can "purchase" a translation of a vowel. Each vowel you purchase carries a time penalty of three minutes on your final time. Or you can "buy" the first line of the message for twelve minutes.
